Academic Background

- **Bachelor of Technology - IT**
2023-2027 | CGPA : 9.240
Francis Xavier Engineering College
 - **Higher Secondary Certificate**
2021-2023 | Percent : 73.67%
Sarah Tucker Girls Hr Sec School
-

Technical Skills

Programming Languages:

- C
- Java

Web Technologies:

- HTML5, CSS3
- JavaScript
- React.js

Database:

- MySQL
- MongoDB

Tools:

- Figma
 - VS Code
 - GitHub
-

Soft Skills

- Time Management
 - Adaptability
 - Problem Solving
-

Languages Known

- Tamil
 - English
-

Career Objective

A passionate IT engineering student with a strong interest in web development, skilled in developing responsive and user-friendly web applications through hands-on projects. Eager to learn new technologies, I strive to continuously enhance my skills and contribute to innovative projects.

Internship

Web Development Intern

6 weeks

EvalBench Technologies

During my internship, I worked with both frontend and backend technologies. I built responsive web pages and used GitHub for version control and collaborative development. I worked with MongoDB databases to implement CRUD functionality.

Projects

Diet Recommendation App

Designed and developed a responsive MERN stack web application for personalized diet management. Implemented CRUD operations using MongoDB. Built user-friendly interfaces using React.js

Dessertholic Ice Cream Website

Built a responsive MERN-based e-commerce website for online ice cream ordering. Developed product browsing and order management features and Integrated MongoDB for efficient product data management.

Jewelry Management System

Developed a React-based web application for jewelry rental and event booking. Designed responsive user interfaces to enhance user experience.

Certifications

- JavaScript Essentials - Infosys Springboard
 - ReactJS - Simplilearn
-
